

## P.E & Sports Grant

### 2015/2016

The Government have provided schools with a PE and sports grant. This grant is to improve provision of PE and sport, so that all pupils develop healthy lifestyles. At Delce Infants School we have been given £8,796 for the academic year 2015/2016.

A PE Specialist from our Greenacre Sports Partnership visits our school weekly to work alongside the staff. Each Key Stage One class will have one term's support. Throughout the year we also plan to have special visitors and active workshops to promote healthy lifestyles.
