

## Character Education/PSHE

Children are born ready, able and eager to learn. They actively reach out to interact with other people and the world around them. Development is not an automatic process, however, it depends on each unique child having opportunities to interact in positive relationships and enabling environments. Together with my teachers I will be able to learn and explore the best way for me to learn. Watch me grow.

## Maths

I am learning to select the correct numeral to represent 1 to 20 objects, and with that knowledge begin to add two single digits together.

I am learning to describe and name 3D shapes.

Having these skills will make me grow as a mathematician. It is great fun sharing our learning with our teachers.

## Understanding the World

I am learning to understand about different occupations.

With all the changes in the environment I am learning to know about differences in places.

## Being imaginative

In music we are focussing on the structure of music and songs relating to stories and sounds. This really helps my imagination grow.

## Technology

In computing I will be learning how to use and control a mouse.

## Physical Education

### Fine Motor

I am learning to use a pencil and hold it effectively to form recognisable letters, most of which are correctly formed. This will help me with my writing.

### Gross Motor

During PE and planned learning time I am learning to travel with confidence and skill around, under, over and through balancing and climbing equipment.

### Health & Self care

I am learning to show understanding of the need for safety when tackling new challenges, and consider and manage some risks.

## Literacy

I am learning to use my phonic knowledge to start writing simple words/sentences.

I am using my phonic knowledge to develop my reading.

Having these skills will strengthen my independent reading and writing.

I am also remembering to label anything I'm particularly proud of and want to keep in the classroom.

## Term 4

Helping Hands

## Personal, Social, Emotional development

I am continuing to strengthen my skills in turn taking and respecting the rules of our classroom and our school.

I am learning to use talk to organise, sequence and clarify thinking, ideas, feelings and events.

## Exploring media & materials

I am learning to represent my own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

## Communication & Language

During our topic we will be visiting the royal engineer's museum and having visitors from other people who help us. These opportunities will help me to listen and respond to ideas expressed by others in conversation or discussion, and to ask questions.

I am continuing to develop maintaining my attention, concentration and be able to sit quietly during appropriate activities.
