

Character Education

Children are born ready, able and eager to learn. They actively reach out to interact with other people and the world around them. Development is not an automatic process, however, it depends on each unique child having opportunities to interact in positive relationships and enabling environments. Together with my teachers I will be able to learn and explore the best way for me to learn. Watch me grow.

Maths

I am learning to select the correct numeral to represent 1 to 10 objects. Also, to count reliably to 20 and understand number value.

I am learning to order two or three items by length or height, and order two items by weight or capacity.

Having these skills will make me grow as a mathematician. It is great fun sharing our learning with our teachers.

Understanding the World

I am learning to share what I enjoy joining in with at home.

With all the changes in the environment I am learning to look closely at similarities, differences, patterns and change. So many things to share and explore such fun!

Being imaginative

I am learning to introduce a storyline or narrative into my play.

Technology

In computing I will be learning how to use a keyboard to type my name and other labels.

Physical Education

Fine Motor
I am learning to use a pencil and hold it effectively to form recognisable letters, most of which are correctly formed. This will help me with my writing.

Gross Motor
I am learning to show understanding of the need for safety when tackling new challenges, and consider and manage some risks. I will be strengthening these skills whilst having fun at Forest School. I am learning to dress and undress for PE and Forest School.

Literacy

I am learning to write my own name and other things such as labels, captions.

I am learning to use my phonic knowledge to start writing simple words/sentences.

I am using my phonic knowledge to develop my reading.

Having these skills will strengthen my independent reading and writing.

Term 2
Amazing Animals

Personal, Social, Emotional development

I am continuing to strengthen my skills in turn taking and respecting the rules of our classroom and our school.

I am learning to cope with changes in my routine. These skills help me at lunchtime, special occasions and moving around for our phonics streaming across the classes.

Exploring media & materials

During our topic I am learning to select appropriate resources and adapt work where necessary. I am learning to select tools and techniques which I need in order to shape, assemble and join materials to make a house. Having these skills will also help me to build and create amazing habitats, scenes and animals.

Communication & Language

During our topic we will have the opportunity to share our own experiences of the different celebrations we experience across our cultures. Also I will have ample opportunity to talk about our time at home during the holidays. These opportunities will help me to listen and respond to ideas expressed by others, taking turns in conversations and asking questions.
